

SHE IS FLIGHTY

H. Stockdale Denies the Allegations of His Wife.

In answer to the complaint for divorce which was begun by Amelia R. Stockdale against her husband, W. H. Stockdale, was filed in the District court yesterday by the defendant, practically every allegation made in the complaint is denied by Stockdale. He claims that he provided his wife with proper medicines when she was ill, also provided a nurse. He denies charge of using abusive language, failing to provide any necessities. He says that she left home through fear of him, but, he says, she was of such "flighty" disposition that she would suddenly leave him without notice or cause and go away for weeks at a time.

He admits that he called her brother "cur" and a "puppy dog." He claims, however, that sufficient cause existed for using such epithets. He alleges that his wife is not a fit person to have charge of their child, because she neglects it, and he has often returned from work and found it dirty and uncared for.

COURT UPHELD BY SUPREME COURT

The Supreme court yesterday affirmed the decision of the lower court in the case of Bountiful City, appellant, against D. C. Lee, C. F. Hogan, William Winger, Wallace Muir, J. C. Wood and C. W. Roberts. The action was brought in Davis county to recover alleged to have been expended by plaintiff in building a flume belonging to the defendant. The ordinance of Bountiful provided for the building of a flume inside the city limits. On the defendant's refusal to comply with the ordinance the plaintiff built the flume and attempted to collect the cost. The complaint was dismissed by the lower court, where judgment was sustained by the Supreme court yesterday.

Court Notes.

Suit was begun in the District court yesterday by E. D. Miller against the Harrison-Merrill Lumber company, the Harrison Lime and Cement company and Alexander Hogan, to recover \$250 alleged to be due on a deal which has been completed.

A. B. Irvine is the plaintiff in a suit begun in the District court yesterday against J. P. Ferris to recover the sum of \$50. It is claimed that that amount was on a note executed by the defendant to E. M. West and transferred him to the plaintiff.

H. Brown, the negro who attempted to get even with his former friend by setting fire to his bed, appeared before Judge Morse in the District court yesterday and pleaded guilty to the charge of arson. He was sentenced to term of nine months imprisonment in State prison.

Three decrees of divorce were granted Judge Hall in the District court yesterday. Martha L. Lufkin was granted complete separation from her husband, Samuel L. Lufkin. Sierra E. Moore was granted a decree of divorce from her husband, George B. Moore. The Christian Olson succeeded in being freed from his wife, Josephine Olson.

Frederick, a newsboy, was committed to the reform school yesterday by Judge Morse of the District court. He was charged with incorrigibility. He was before the court on a summons charge a few weeks ago, but was released because of his promise to reform. He is 14 years of age and will be confined at the school until he is 18.

In the case of Don C. Seeley, appellant, against the Huntington Canal and Agricultural association, the Supreme court yesterday reversed the judgment of the lower court, with instructions to reinstate the complaint and proceed with the case. The action was begun in Emery county to recover \$500 alleged to be due as damages for failure to furnish water to the plaintiff.

Habitual drunkenness is the charge against her husband, George Stephens, in a suit for divorce which was filed in the District court yesterday by Stella Stephens. They were married in 1895, and since that time, it is alleged, the defendant has become addicted to the habitual use of liquor, and she was compelled to leave him. A woman also asks alimony and attorney's fees.

Delivery of the Tribune is irregular. Make complaint to office, 323 South Temple st., or telephone 350.

Naval Officer Dead.

New York, Feb. 4.—Capt. Charles C. Brown, commander until recently of the United States cruiser Chicago, is dead at his home in Scarsdale. He was appointed an acting midshipman at the United States Naval academy in 1884.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best method of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully proven that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger apprehended until it is suddenly discovered that there is fever and difficulty breathing and pains in the chest, then the announcement that the patient has pneumonia. Be on the safe side and use Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

BUSINESS FAILURE IN SAN FRANCISCO

San Francisco, Feb. 4.—Bolton, De Ruyter & Co., general commission brokers in grain, provisions, stocks and bonds in this city, have sent out a notice calling for a meeting of creditors today. The suspension of the firm, which conducted quite a large business over the wires with Chicago and New York, is practically announced. As yet the amount involved in the failure is only a matter of conjecture, but there is an impression that the sum will approximate \$250,000.

LIBERTY SATIN AND LACE.

DESIGN BY MAY MANTON.

Soft, clinging silks and satins are more desirable than ever both for odd waists and for gowns, and are shown in a bewildering variety of charming colors. This handsome waist combines amethyst Liberty satin with ecru lace and includes many desirable features. The cape gives the drooping shoulder line of fashion and the stole serves admirably to outline its edge, while the deep cuffs are to be noted among the latest designs. When liked, the tucked front can be made of contrasting material and a plainer waist can be made by omitting the collar and stole, the box plait making dividing lines between the center front and the waist. The quantity of material required for a woman of medium size is 5 1/2 yards 21 1/4, yards 27 or 2 1/2 yards 44 inches wide, with 1/2 yards of all-over lace for collar. A May Manton pattern, No. 4454, sizes 32 to 40, will be mailed to any address by the Fashion Department of this paper on receipt of 10 cents.

As orders are filled from the East, it will require about 10 days from receipt of order to receive patterns.

MASSACRED BY YAQUIS.

STAGE COACH HELD UP IN MEXICO AND SIX PASSENGERS SLAIN BY INDIANS.

Denver, Colo., Feb. 4.—A News special from Guaymas, Mex., says: Passengers arriving from Ortiz on the Sonora railroad brought the first news of a terrible outrage committed by Yaqui Indians. The stage which runs between Ortiz and Las Cruces was held up by savages and all on board, numbering six persons, were killed. Among them were Salvador Flores and his nephew, Francisco Flores. They were both prominent in Sonora.

There were fifteen Indians, according to the recollection of Francisco Flores, who did not expire until he was picked up by a party of vaqueros traveling in the opposite direction.

When the massacre was discovered officers in charge of the garrison at Ortiz were notified and a detachment of mounted troops has gone in pursuit of the Indians.

SAVED BY SKIN OF OTHERS.

Remarkable Recovery of New Jersey Man, and Handsome Money Recompense.

New York, Feb. 4.—William Frederick of Dunellen, N. J., whose friends probably saved his life by contributing 4500 pieces of cuticle to be grafted on his scalded body after he had been hurt in a wreck, nearly a year ago at Westfield, when many persons were killed, is stated to have received \$45,000 from the railroad company.

Although he was the holder of a pass which stipulated that the company was to be exempt from damages in the event of his receiving injuries, it was contended that the contract would not be considered valid in the courts. The case did not reach the courts, however. Frederick was chief clerk in the New York office of an express company and was traveling on an employee's pass. The skin-grafting operations were successful, but he has only recently been able to leave the hospital and is still confined to his home.

WHOLESALE REMOVALS.

Several Federal Officers in Indian Territory Lose Their Official Heads.

Washington, Feb. 4.—Acting upon recommendations of the Attorney-General which were based upon an investigation of the charges against certain officials under the Department of Justice in the Indian Territory, the President has removed from office Benjamin F. Hackett, United States Marshal of the Central district of the Territory, and his successor will be instructed to retain as deputies Frank S. Genung, T. P. Hackett, J. P. Emert, R. F. Donathan, W. W. Wall, T. D. Smith, John A. Hunt, H. K. Wall and J. T. Hackett, nor as jail physician Dr. M. C. Wilson. Marshal Colbert of the Southern district will be directed to displace Deputy Marshals George F. Gates and Oscar Wilkinson.

The investigation also resulted in the removal of Deputy Marshal J. C. Rogers and Constable H. L. Rogers of the Northern district.

The charges against Marshal Hackett were incompetence and failure to punish his subordinates for misconduct, particularly in permitting the escape of a man named Short, indicted for manslaughter.

Deputies Genung, T. P. Hackett, Emert and Jail Physician Wilson were the persons involved in this escape. The other deputies dismissed were guilty of drunkenness, permitting prisoners to escape and violating the law concerning the introduction of intoxicants into the Territory.

PIONEER OF COLORADO SUMMONED BY DEATH

Pueblo, Colo., Feb. 4.—Andrew Royal, the first Mayor of the city of Pueblo, and a leading Democrat of Colorado, is dead at his home here, after an illness of several months' duration. He came to Pueblo twenty years ago from St. Joseph, Mo., where he founded the St. Joseph Gazette. Mr. Royal was 70 years of age. A widow and two children survive him.

National Council of Women.

Indianapolis, Feb. 4.—At the annual session of the executive council of the National Council of Women, Kate Walker Barrett of Washington, the vice-president, announced a coming history of women in America, to be published by the Government. Phoebe R. Baker of Utah was among those who submitted reports from auxiliary organizations.

Blood Troubles

Bad blood is the source of numerous aches and pains and the cause of nearly all stubborn, long-continued diseases. When the blood gets out of order, disease germs and poisons of various kinds find their way into the circulation and some serious trouble is the result. Rheumatism, Malaria, Old Sores and Ulcers, Scrofula, Anemia, and many pustular or scaly skin eruptions, like Eczema, Salt Rheum and Tetter, have their beginning in bad blood, and only a remedy that enters into the circulation and destroys the germs and poisons, can have any permanent good effect upon a disease of this character.

You can't check a blood disease by any external treatment: the sores and eruptions that appear upon the surface of the body are only manifestations or symptoms of some internal disorder that cannot be reached from the outside. S. S. S. antitoxins the poisons, humors and acids that are the real cause of disease, cleanses and enriches the blood, and builds up at the same time the general health. S. S. S. invigorates all the organs and parts of the system to greater activity, and strong nerves and renewed health is the result. If you have any blood trouble, write us. No charge for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Years ago my blood was bad, as evidenced by skin eruptions and other symptoms on different parts of the body. So I concluded to try S. S. S., knowing it to be highly spoken of. After using a number of bottles—my blood was thoroughly purified, and I was relieved of all eruptions and manifestations of impure blood. I believe your S. S. S. to be an excellent blood medicine, and anyone in need of such medicine would do well to use it. Mrs. C. E. SHOEMAKER. 618 E. Patterson St., Alliance, O.

MEDICINES FREE

FOR ALL CATARRHAL CHRONIC DISEASES.

This Special Rate Applies to All Until Further Notice

WE ALSO CURE All Chronic Diseases of the Eye, Ear, Nose, Throat, Lungs, Stomach, Kidneys and Liver and Diseases of Women—Nervous and Private Diseases.

In All Private Diseases of Men, to Show Our Good Faith and Skill, we are Always Willing to Wait For Our Fee Until a Cure is Effected.

Contracted Disorders Be sure your cure is thorough. Not one of our patients has ever had a relapse after being discharged as cured, and we cure in less time than the ordinary course of treatment require.

Specific Blood Poison. No dangerous minerals to drive the virus to the interior, but harmless, blood-cleansing remedies, that remove the last poisonous taint.

What "Weakness" is and How We Cure It. So called "Weakness" is merely a symptom of chronic inflammation of the prostate gland, brought on by early dissipation or by the improper treatment of some contracted disease. A complete and radical cure is, therefore, a question of restoring the prostate gland to the normal state, and this we accomplish promptly and completely without the use of internal remedies. Our treatment is a local one entirely. It is original and scientific and has been proven absolutely effective by thousands of tests. We are convinced that by no other methods can full and permanent restoration of strength and vigor be accomplished.

VARICOCELE. Absolutely painless treatment that cures completely. Inevitable cure over method. It is the only thoroughly scientific treatment for this disease being employed.

Spermatorrhea, Stricture, Piles, Lost Manhood, Hydrocele, Seminal Weakness, etc., are also among the diseases we cure to stay cured.

HOME CURES BY MAIL. We make a specialty of curing patients by mail. We have cured thousands who have never seen us personally. If you are afflicted and cannot call, write us for advice and free sympathy blanks and we will gladly advise you regarding your case, free of charge. Office Hours: 9 a. m. to 5 p. m.; Evenings, 7 to 9; Sundays and Holidays 10 a. m. to 12.

I AM A MAN

No matter how weak you are; how full of aches and pains; how feeble and old in your actions, you can be made a stronger and better man by wearing my Electric Belt while you sleep. Pick out the men who have worn my Belt. See them with heads erect, chest expanded, the glow of health in their cheeks, courage in their hearts and a clasp of the hand that tells you, "I am a man."

And how is it with you? Have you rheumatism and back pains, a dull ache and weakness over your kidneys, dull headaches, with a tired, stupid feeling? Are you losing your vitality? Do you feel yourself growing aged before your time? Are you nervous, sleepless, short of memory and lacking in spirit and self-confidence? Do you know that you are not the man you would like to be?

If so, I can cure you. My Belt will cure you, and if you lack is just what electricity supplies. I believe that the best evidence is the word of an honest man, who says "YOU CURED ME."

VITAL WEAKNESS. Fillmore, Utah, Dec. 14, 1902.

Dr. McLaughlin. Dear Sir—Your Belt has helped my stomach very much, my kidneys and bladder are in much better condition, and the left testicle that has been so large for years is becoming more natural. I feel very much encouraged as far as my health and my work in regard to what the Belt will do for me will be proven true. Yours truly, ALLEN RUSSELL.

Come to me and let me cure you. Twenty years of my life have been devoted to my trade, and I have made my Belt popular with people who are tired of drugging. I cure while you sleep. It's easy and pleasant. My Belt gives a current that is a glowing warmth. No burn or sting. I have a nicely illustrated book which every man should read. I will send it closely sealed, free, if you send this ad.

DR. M. T. McLAUGHLIN, 931 Sixteenth St., Denver, Colo.
